NOMINATION: WOMAN ENGINEERING AWARD 2026

The SAIEE KZN Centre is looking for opportunities to promote the advancement and recognition of women within the engineering profession. With current gender representation at approximately 10%, there is a real need to celebrate the women who have excelled. The SAIEE KZN Centre, therefore, invites nominations for an award for women engineers who have impacted the electrical engineering profession in the field of electrical/electronic/computer engineering within the past 12 months. Whether such persons work in large progressive companies, organisations or in smaller dynamic ones is of no consequence, the spirit of achievement, creativity, and leadership counts. The contribution could be operational, project-specific, or any other form of contribution within the profession that can demonstrate a positive impact.

Eligibility:
Open to all Female SAIEE KZN Centre Members for current electrical/electronic engineering contributions and nominations must provide evidence of the impact on the profession in the past 12 months.

The award will be presented to the winner at the SAIEE KZN Centre Dinner & Awards evening on the 10th of December 2026 at Suncoast's Barnyard Theatre.

Closing date for nominations is 20 November 2026

- Email completed **nomination form**, a **max 1 page motivation letter** and **brief CV** (of the nominee listing academic qualifications, appointments, experience and achievements) to the SAIEE KZN Centre committee at kznc@saiee.org.za
- The decision of the judging panel shall be final, and no correspondence shall be entered into
- The nature of the award shall be determined by the SAIEE KZN Centre Committee
